VSP eLearning v.1.1

Name	Size	Modified
 VSP_AGE_Training-Admin_User_Guide.v.1.1.pdf	1.74 MB	9 hours ago
 vsp_age_training.zip	172.37 MB	9 hours ago

A Dropbox account creation dialog box. At the top is the Dropbox logo and a close button (X). The text reads: "Download and save directly to your Dropbox by creating a free account. [Or, sign in.](#)". Below this are input fields for "First name" and "Last name", followed by two password fields (the first is masked with black). Below the passwords is a checkbox labeled "I agree to [Dropbox terms](#)". A blue button labeled "Create an account" is below the checkbox. At the bottom, a link "No thanks, continue to download --" is highlighted in yellow and circled in red.

A file save dialog box. The text reads: "What do you want to do with VSP eLearning v.1.1.zip?" and "From: dl.dropboxusercontent.com". At the bottom are three buttons: "Save", "Save as" (highlighted in yellow and circled in red), and "Cancel". A close button (X) is on the far right.

**It is highly recommended that the distribution and installation of the training program be discussed and coordinated with your company's IT and Training support teams.** The program uses an industry standard application, Adobe Flash Player. Its function may vary depending on the particular operating environment for the training computer, default web browser your company uses, and the version installed on the training computer. Please be sure to provide your support teams with the compressed installation file that also contains the Setup and Administrator User Guide. Instructions found on Page 3-11 of the Guide cover initializing and setting up the local storage for the training program.

## Online Demonstration:

### USPHS / VSP e-Learning on AGE Outbreak Prevention and Response – Module 1

Micro Training Associates, Inc. has set up an online demonstration of **USPHS / VSP e-Learning on AGE Outbreak Prevention and Response – Module 1** for you and others in your company to use for previewing this training program. It works the same as the offline version with the exception of not requiring sequential progress through the training as your fleet's students will be required to do in your ship-installed training programs.

Here are the access instructions for the online demonstration:

1. Go to this link: [http://absolutethinking.biz/vsp\\_mod1/](http://absolutethinking.biz/vsp_mod1/)
2. On the Login/Registration screen, click the "Register" button.
3. On the Disclaimer screen, click "Yes"
4. On the New User screen, enter a first name, last name and user ID, such as your email address.
5. Select a functional role. Each role will have a different training program.
6. On the Cruise Line dropdown, scroll to the bottom and select your fleet, or "Other" at the bottom, where you must enter a company or agency name.
7. For the Other Ship value, enter your department or position.
8. Click the "Cancel" button to return to the Login/Registration screen.
9. Use the thumbnail menu in the lower left corner of the screen to select another functional role to see the different lessons for the others that were not selected with the initial online registration.
10. This selection will take you to a main training menu where you can select lessons for this additional functional role, again in any order, as was done for the initially in this special online demonstration. Remember in the regular program, you have to complete each functional training in the displayed order.
