

Expedition Operations Manual – new version 4 / June 2019

Background

- The Expedition Operations and Training Manual (EOM) is constantly evolving with procedures on all key activities
- A new version 4 (June 2019) has been produced with extensive changes that also affect marine / bridge related aspects
- Due to the required dynamics for continuous updating of the EOM, it will exist from now on outside the VMS and will be distributed via the Bulletin system

References

- 1) ~~VMS: [Silversea Standalone Expedition Manuals](#) > Expedition Operations Manual [deleted]~~
- 2) Expedition Operations and Training Manual v.4 /June 2019 as attached to this Bulletin

ACTIONS REQUIRED

ALL Bridge Officers on expedition [experience] ships:

- 1) File the attached Expedition Operations and Training Manual (EOM) v4 / 2019 onboard including a printed copy on the Bridge
- 2) Discard previous versions copies

Do not use the obsolete now version of the EOM in the VMS

Future VMS versions will have the EOM in the VMS disabled

- 3) Familiarize yourselves with the relevant procedures as applicable to marine / bridge activities

Note: The EOM contains an Introduction with Summary of Manual Changes

- 4) Print and sign the attached Acknowledgment sheet and keep it in front of the printed EOM
- 5) Use the EOM to familiarize new Officers

Note: A reference to the EOM will be included in the Deck Officers' Familiarization Checklist SAF121 "Master and Deck Officer Familiarization Programme"
