

# WATER POLLUTION

We are committed to keeping the marine environment clean and free from harmful substances.

We strictly forbid anyone onboard this vessel to discharge pollutants or toxic material into the water.

You must advise the Master immediately if you discover any unauthorised discharge, oil or other pollutant in the water around or close to the vessel.

We will take disciplinary action, including dismissal, against anyone in violation of MARPOL and/or relevant pollution regulations.

Report non-compliance, actual or suspected, to:
